# Croco Collection

Croco Collection is where fashion and interior meets.  
The objective of Croco Collection is to reinterpret crocodile skin as  
the print reveals true Italian taste and design.

The colors are developed from the Italian trend summary 2008.  
This collection is aimed to those who live a Modern and Contemporary lifestyle.  
This collection is highly unique portraying your true self.

Our materials are developed using Italian technology and machinery.

The Croco Collection can also be used to create modular designs,  
which give a different look and feel to your living space.
